

MAC NABB BROS WASTE MANAGEMENT TAKE OVER JESS SKIPHIRE

Mac Nabb Bros Waste Management have recently taken over at Jess Skip hire following the retirement of Desmond Jess from the business he had built up on the Hillsborough Road in Carryduff .

The management of MacNabb Bros had been looking to expand its operations in the Greater Belfast area over the last number of years, and the acquisition of Jess Skip hire will accommodate this expansion allowing them to offer their services to both residents and businesses previously outside their catchment area around Downpatrick.

Desmond Jess stated recently that when he took the decision to retire, he wanted to be sure he would be handing over the reins to a company he could trust to provide his existing customers with the personal service they had grown to expect from himself.

“I have known the directors of MacNabb Bros for a while now and I was impressed by how they operated their business affairs. Although there was a lot of parties interested in taking over my company, I felt that a family business like MacNabb Bros was the most suitable as they understood the importance of offering that individual ‘one to one’ customer service that I strived to build up over the years.”

Commenting on the purchase of Jess Skip hire, Managing Director of MacNabb Bros Waste Management, Mr Vincent MacNabb said that he was delighted that the relationships Desmond had built up with both individuals and local businesses were not going to be lost and he assured those customers that MacNabb Bros intended to continue to provide that personal service to their customers.

“If a customer is unsure of the correct disposal of a waste material or does not know what size of skip to use, let them be assured that our staff are there to help them and offer advice. Similarly, if a business wants to look at cutting costs by segregating waste on site, a member of our staff can go and carry out a free waste audit for them with no obligations.”

Vincent also took the opportunity to wish Desmond well for the future.

“May I thank Desmond and Ruth for choosing MacNabb Bros Waste Management to take over the business they had worked so long and hard to build up. I wish them a long and happy retirement.”

MacNabb Bros Waste Management can still be contacted on the old Jess Skip hire number or on
